

SOUND GAMES

As you walk outside, you will notice a unique soundscape made up of all the little bird chirps, insect buzzes and footsteps. Using the games below explore these unique sounds.

Tonality

-  Timed
-  Active

Tonality is a spin on the classic Memory game. Listen to each pine bush sound and find its match until the game board is empty.

The **sound mixer** allows you to recreate the soundscape of the pine bush during different, times of day, seasons or activities.
