

How to Make a Paper Plate Owl

Materials:

Paper plate
Glue
Ribbon

Tape
Scissors
Construction paper
Paint/markers/crayons

1. Fold sides of plate in to center. These will be the wings.

2. Fold over the top of plate. This will be the head.

3. Decorate the plate—use markers, paint or crayons. Look at the photos of Albany Pine Bush owls for inspiration.

4. Glue the wings and head down.

5. Finish decorating. You can paint feathers on the body if you want.

6. Cut out eyes, beak and feet from construction paper.

7. Glue the eyes, beak and feet to the owl's body.

8. Tape the ribbon to the back of your owl.
